

My Portfolio
Sarah Whitten

Project 1: Art Camp Icons

In this project I learned the basics of Illistrator. I mainly learned how to use the Pencil tool, basic shape tools, how to trace, and how to use the paint bucket tool to change the color of certain areas.

Project 2:

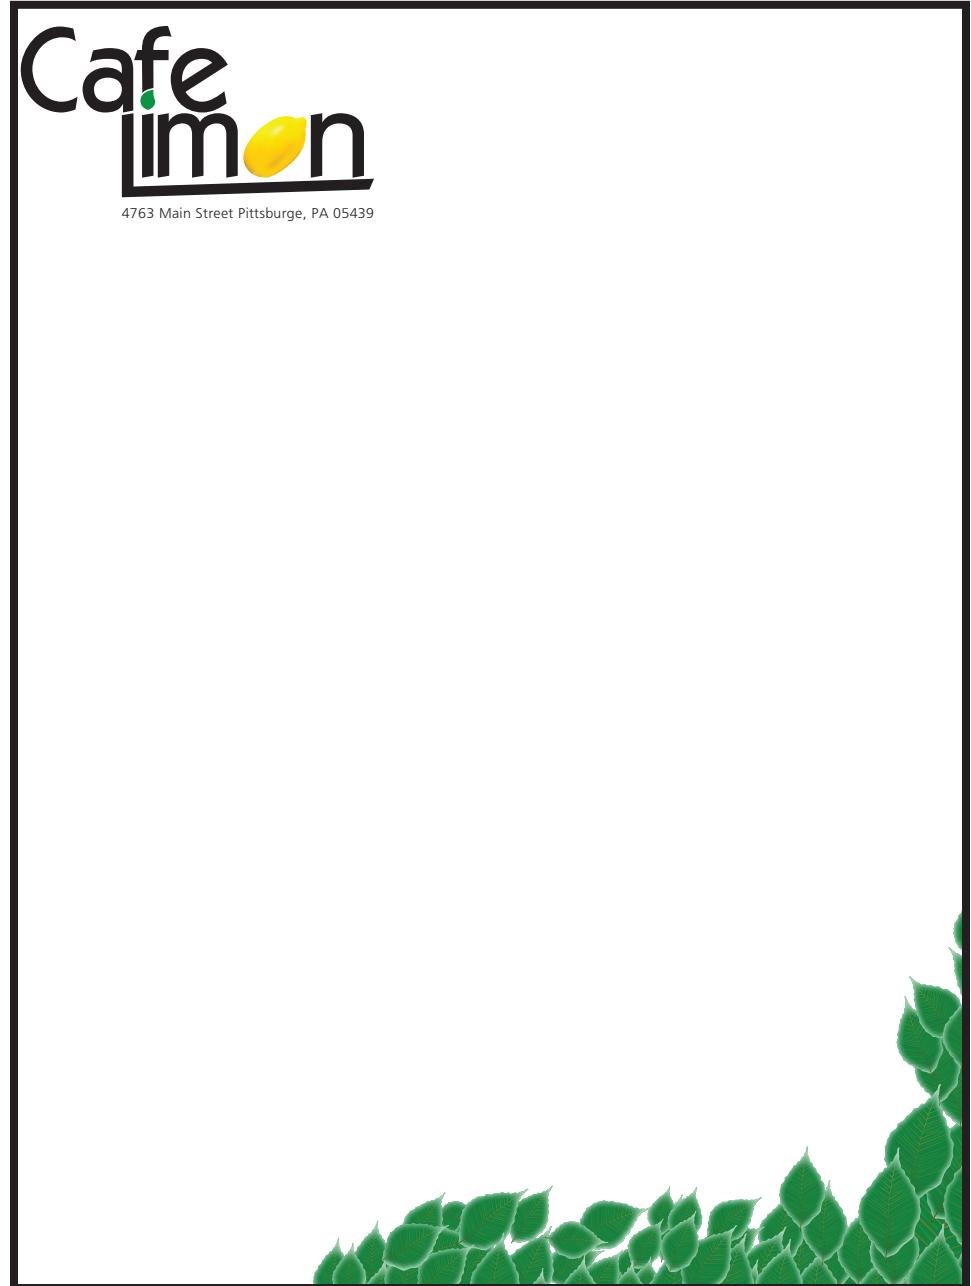

In this project I continued learning the basics of Illustrator. We learned to use the gradient tool, pen tool, how to create curves, how to import different fonts, and how to change imported fonts.

Project 3: Identity Package

In this project I went more indepth into learning more about Illistrator. We focused on how to use a mesh tool create depth and shading in the lemon. We also learned how to create different types of copies for the same logo, like creating a black and white copy. I also learned how to break up the letters in the logo to create custom words.

Autumn Leaves

This project was used to show what all I learned in Illistrator and my creativity. I mainly used the pen and pencil tool to create the different shapes of the leaves on both the tree and the ground. I used the paint bucket tool and mesh tool to create shading within the tree. I used the paint brush tool to create Woodstock and little Woodstock. The gradiant tool is what helped create depth in the background as I went for a sunset fallish sky.

Project 4: Music Cover Artwork

In this project, I was introduced to Photoshop. Within this project I learned several different tools like mirroring an image, feather brush, how to place photos, how to cut a photo out and place it on top of another one, and how to make a image transparent.

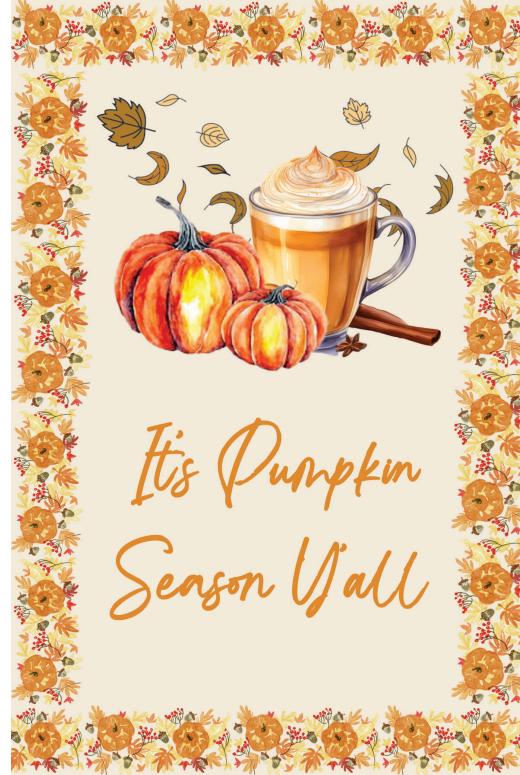

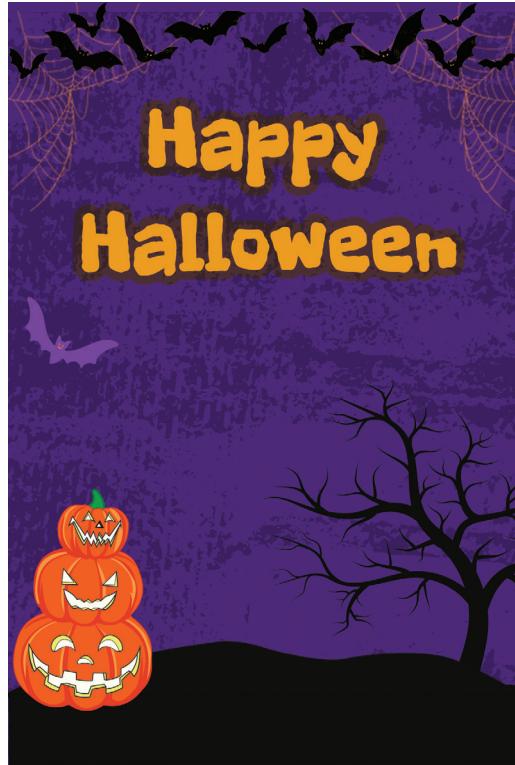

Project 5: Car Magazine Cover

In this project, we continued to learn how to work Photoshop. We learned how to import photos into shapes, how to create custom line gradients, and how to cut out shapes within a shape.

Autumn/Halloween Cards

In this project, I took the knowledge I learned in the starting projects of this unit and created different Autumn and Halloween cards. I also used Illistrator to create vector objects within each card.

InDesign Magazine Challenge

In this project, we used our knowledge of Photoshop and Illistrator with the new knowlendge of InDesign to create a Magazine cover. We used Illistrator and Photoshop to create the logo. Within InDesign we learned how to reshape images and how to add text boxes.

Art Work is One Design Away

Project 7 - Letterhead Design

In this project, I started to learn the basics of InDesign. I learned how to reshape images, import text and images, and how to create custom shapes with the pen tool.

Pixel Portrait

This project was used for a fun project, allowing me creative freedom of how I see myself as a pixelated character. I used the rectangular grid tool to create a grid to help me achieve a pixelated look for my character. After creating a the grid, I used the paint bucket tool to create the outline of my character and tested out different colors to create shadows within the character

Project 8 - Festival Poster

In this Project, I further my knowledge in InDesign to create a music poster. I learned how to cut out a specific shape from an image, how to create a gradient under an image, how to change the lighting of an image, how to add custom bullet points, how to create a curve while using a certain type face.

SARAH GRACE WHITTEN

EDUCATION

HIGH SCHOOL DIPLOMA • MAY 2023

Pearl High School Pearl, Mississippi

DUAL CREDIT • MAY 2023

Hinds Community College Pearl, Mississippi

BS IN COMMUNICATION DIGITAL MEDIA PRODUCTION • MAY 2026

Mississippi College Clinton, Mississippi

KEY SKILLS

- ~ Run a sound board
- ~ Adobe Audition
- ~ Script proficiently
- ~ Proficient with hand and power tools
- ~ Communication
- ~ Time efficient
- ~ Flexible
- ~ Multitasking
- ~ InDesign
- ~ Photoshop
- ~ Illustrator
- ~ Word
- ~ Excel
- ~ PowerPoint
- ~ ProPresenter

EXPERIENCE

FRONT OF HOUSE • DECEMBER 2020 – MAY 2024 • SEPTEMBER 2024-PRESENT

Chick Fil A • Brandon, Mississippi

- ~ Provided welcoming and positive customer service to customers and fellow employees
- ~ Able to maneuver around POS Systems and override them when it is needed.
- ~ Proficient at bagging food items safely and in an organized fashion
- ~ Demonstrated communication skills
- ~ Assisted in training new employees
- ~ Demonstrated excellent time management skills during busy hours.

SERVER • MAY 2024-SEPTEMBER 2024

River Hill Tennis Club • Jackson, Mississippi

- ~ Take orders in a timely manner while providing a comfortable conversation with the customer
- ~ Multitasking while taking orders, holding conversations, running food orders, and making/taking drinks
- ~ Communicating well with coworkers, managers, and customers
- ~ Running food out for tables

VOLUNTEER

Blue and Gold Media August 2024 – Present

Mississippi College Clinton, Mississippi

- ~ Ran cameras at sporting events
- ~ Produced sporting events
- ~ Directed cameras during media events

Assitant Leader August 2022 – Present

Girl Scouts of Greater Mississippi Pearl, Mississippi

- ~ Ran events for Girl Scouts
- ~ Helped teach girls how to become model citizens and young ladies

FBC of Pearl August 2020 – Present

First Baptist Church of Pearl Pearl, Mississippi

- ~ Ran ProPresenter on Sunday Morning services
- ~ Taught children's church and Wednesday night Church for the youth
- ~ Taught dance at Vacation Bible School

RADIO BROADCAST ENGINUEER ASSISSTANT

JANUARY 2024-PRESENT

Digio Strategies • Ridgeland, Mississippi

- ~ Provided help with the construction of cubicles
- ~ Helped run software on computers, PC, and sound boards
- ~ Helped set up for RadioThon
- ~ Worked on Automation such as NextGen and Audio Arts Board sound board

AUDIO VISUAL TEAM • FEBURARY 2024 – PRESENT

Mississippi College • Clinton, Mississippi

- ~ Ran an analog sound board
- ~ Mixed different sound effects and songs for One Acts
- ~ Ran an audio interface sound board for a computer
- ~ Ran a light board
- ~ Adjusted audio input using jumper wires
- ~ Microphone maintenance
